

Award winning, East Midlands based practice, **Lathams**, are looking for an exceptional Architect to join our studio with an immediate start.

Architect Required

We are a friendly group of hands-on practitioners and specialists, united by a joy of working in context. We place a strong emphasis on process, thorough analysis and rigorous design development, which allows us to deliver imaginative and intelligent architectural solutions. We work on a wide range of design projects across the RIBA stages and have recently won a number of exciting commissions.

Applicants should have minimum 3 years post part III experience and display excellent design, organisation and communication skills and be as comfortable with hand drawing as they are with Design / CAD packages. Experience of Revit is an advantage, but not essential.

Please apply with your cover letter, CV and a concise sample of your most exciting work by Monday 12th Sept 2016.
